

HOMEBOUND & ATTENDANCE SUPPORT

Attendance Management

Help students return, reconnect, and stay engaged.

THE CHALLENGE

Repeated absences create missed learning and can make returning to school harder. Your team needs to address attendance barriers and academic gaps together. Fullmind supports family communication, coordinated interventions, and academic re-engagement.

How Fullmind helps

Identify Attendance Barriers

Use attendance patterns and school input to identify students who may benefit from timely intervention.

Connect Families and Schools

Connect communication across families and school teams to understand barriers and plan responsive support.

Rebuild Academic Engagement

Pair attendance interventions with targeted learning support to address missed instruction and rebuild engagement.

How it works

1

Review Attendance Needs

Work with school teams to understand attendance concerns and existing support efforts.

2

Coordinate a Response

Align family communication, district involvement, and student support around identified barriers.

3

Monitor Engagement

Review attendance and learning updates to inform adjustments to the support plan.
