

SPECIAL EDUCATION & RELATED SERVICES

Case Management

Keep student support connected and coordinated.

THE CHALLENGE

Students requiring multiple academic or specialized support services can face fragmented communication, inconsistent follow-through, and gaps in service coordination.

How Fullmind helps

Coordinate communication across relevant student support providers.

Support documentation and progress monitoring.

Maintain greater visibility into student needs and services.

How it works

1

Define the Need

Align with district processes and individual student plans.

2

Match and Onboard

Coordinate communication among school personnel and stakeholders.

3

Deliver and Communicate

Review progress and support consistent follow-through.
