

[MORE SERVICES](#)

## English Language Learners (ELL)

Support for language development and academic participation.

### THE CHALLENGE

Multilingual learners need access to grade-level instruction while building English proficiency, and districts may face limited access to qualified language-support educators.

### How Fullmind helps

Support English language development, academic vocabulary, and comprehension.

Develop speaking, listening, reading, and writing skills.

Differentiate instruction based on proficiency and academic needs.

### How it works

**1**

#### Define the Need

Align programming with district schedules and priorities.

**2**

#### Match and Onboard

Provide live educator-led instruction.

**3**

#### Deliver and Communicate

Support continued academic progress beyond the traditional school year.
