

HOMEBOUND & ATTENDANCE SUPPORT

Homebound Support

A familiar connection to learning, even away from school.

THE CHALLENGE

Time away from school can become lost learning time. Your team needs to keep students connected to coursework during approved absences. Fullmind provides personalized live instruction aligned with the district's learning plan.

How Fullmind helps

Maintain Learning Continuity

Provide live instruction when medical or other district-approved circumstances prevent school attendance.

Personalize Academic Support

Adapt teaching to the student's coursework, learning needs, and district-approved instructional plan.

Stay Connected to Progress

Keep school teams informed about attendance and academic progress to guide ongoing support.

How it works

1

Coordinate the Plan

The district identifies eligible students and shares instructional needs, coursework, and scheduling requirements.

2

Connect With an Educator

Arrange live virtual instruction aligned with the student's approved learning plan.

3

Monitor and Adjust

Share participation and progress updates to support instructional adjustments and district return-to-school planning.
