

TUTORING & ACADEMIC INTERVENTION

Homework Help

Personalized guidance when students need it most.

THE CHALLENGE

Students often need academic guidance outside the classroom, but families and educators cannot always provide the individualized support required.

How Fullmind helps

Personalized assistance with assignments and challenging concepts.

Live instructional guidance based on students' academic needs.

Additional support when classroom instruction alone is insufficient.

How it works

1

Define the Need

Align with district processes and individual student plans.

2

Match and Onboard

Coordinate communication among school personnel and stakeholders.

3

Deliver and Communicate

Review progress and support consistent follow-through.
