Caddo Parish: 3,009 students learning live with certified teachers

THE CHALLENGE

Caddo Parish has faced teacher shortages since 2014, and the pandemic deepened vacancies. The case study reports that 21% of public-school math classes and 24% of science classes were taught by someone without proper certification.

WHAT WE DID

Over three years, Caddo Parish brought in LIVE, certified teachers for 16 courses, including ELA, Algebra, Physics, Computer Science, Spanish, ASL and French, reaching 3,009 students in 2021–22.
