Fullmind

SERVICE OVERVIEW

SPECIAL EDUCATION & RELATED SERVICES

Occupational Therapists

Keep OT services on track, even when the position is open.

THE CHALLENGE

Occupational therapists are in short supply in many areas, especially rural districts. When the position stays open, services fall behind what students' IEPs require. Fullmind provides licensed occupational therapists who work live and virtually with your team.

How Fullmind helps

Deliver IEP OT Services

Licensed OTs work with students live online, at school or at home, following each student's IEP goals.

Partner With On-Site Staff

An on-site adult can help with hands-on activities, depending on the student and the service.

Strengthen Team Coordination

Work with teachers, case managers and families around each student's goals and progress.

How it works

1

Share Needs

Review caseloads, IEP service minutes, state requirements and schedules with your district team.

2

Match an OT

Arrange a licensed provider who meets your state's requirements.

3

Report and Coordinate

Document sessions and progress for the IEP team and coordinate next steps with district staff.
