Fullmind

SERVICE OVERVIEW

SPECIAL EDUCATION & RELATED SERVICES

# School Social Workers

Support students' social and emotional needs, even when the position is open.

### THE CHALLENGE

Licensed specialists are in short supply, especially in rural districts. When a social work position stays open, the services written into students' IEPs fall behind. Fullmind provides licensed social workers who work live and virtually with your team.

## How Fullmind helps

### Support Social and Emotional Needs

Licensed social workers support students' social, emotional and mental health needs, following their IEPs.

### Document Sessions and Progress

Social workers document each session and student progress in a way your IEP team can use.

### Strengthen Team Coordination

Work with teachers, case managers and families around each student's goals and progress.

## How it works

1

### Share Needs

Review caseloads, IEP service minutes, state requirements and schedules with your district team.

2

### Match a Social Worker

Arrange a licensed provider who meets your state's requirements.

3

### Report and Coordinate

Document sessions and progress for the IEP team and coordinate next steps with district staff.
