

CREDIT RECOVERY & SUSPENSION ALTERNATIVES

Virtual Suspension Rooms

Keep the connection to learning strong during time away.

THE CHALLENGE

Suspension can disconnect students from instruction and leave more work to catch up on. Your team needs a plan to keep learning moving. Fullmind provides structured live academic support during suspension.

How Fullmind helps

Preserve Instructional Time

Provide live academic support so students can continue engaging with coursework during suspension.

Maintain Structure and Connection

Offer scheduled learning time and educator interaction while students are away from their usual classroom.

Support a More Prepared Return

Keep school teams informed about participation and coursework to support the transition back to class.

How it works

1

Establish the Learning Plan

The district identifies participating students, coursework, and the period of support.

2

Provide Live Academic Support

Students join scheduled virtual instruction and receive guidance on their learning tasks.

3

Coordinate the Return

Share attendance and academic updates to support the district's re-entry planning.
