How virtual ESL teachers give English learners grade-level content with language support.

HOW VIRTUAL ELL INSTRUCTION WORKS

A certified teacher teaches live online, delivering core content in a format designed for English learners, on your district's schedule.

The challenge, and how Fullmind solves it

The challenge	With Fullmind
! Not enough ESL or bilingual teachers to hire.	✓ Certified teachers with ESL or bilingual credentials.
! Students fall behind in both language and content.	✓ Grade-level core courses delivered in an ELL format.
! Outside instruction on someone else's schedule.	✓ Your schedule and curriculum.
! Hard to see language and content progress.	✓ Progress data for language and content.

Why it matters Expand instructional access for multilingual learners while supporting academic participation and language development.

4 questions to ask any provider

- 1 Are your teachers certified for ESL or bilingual instruction in our state?
- 2 Which languages and grade levels can you support?
- 3 How do you deliver grade-level content with language support?
- 4 What progress data will we receive?

What a good program looks like

- Certified ESL or bilingual teachers
- Grade-level content with language support
- Your schedule and curriculum
- Progress data for language and content

How to fund it

Supplemental instruction is commonly funded through Title III, Part A, on top of core services funded by state and local funds. Check allowable uses with your federal programs coordinator.
