Enrichment Guide

How to expand course options, from world languages and ASL to STEM electives.

18 of 50

states, plus D.C., list world languages as a teacher shortage area for 2026–27.

Source: U.S. Department of Education

HOW VIRTUAL ENRICHMENT WORKS

A certified teacher teaches the course live, online, on your schedule, so students in any school can take it.

The challenge, and how Fullmind solves it

The challenge	With Fullmind
❗ Small and rural schools can't offer more than one language, if any.	✅ World languages including Spanish, Japanese and Korean, plus ASL.
❗ Electives and gifted courses aren't staffed in every school.	✅ STEM electives and gifted and talented options from certified educators.
❗ Only one student wants the course.	✅ Courses for a full class or a single student.
❗ Courses need to count.	✅ Credit-bearing courses where needed.

Why it matters Broaden learning opportunities without requiring districts to build every additional program internally.

4 questions to ask any provider

- 1 Which enrichment courses can you offer?
- 2 Are your teachers certified for these subjects in our state?
- 3 Can courses be credit-bearing?
- 4 Can students from several schools join one class?

How to fund it

Often Title IV, Part A, plus state and local funds. Check allowable uses with your federal programs coordinator.

What a good program looks like

- Certified teachers for each course
- Live instruction on your schedule
- Credit-bearing courses where needed
- Options for different grades and interests

How Fullmind helps

Expand opportunities beyond core coursework.

Provide engaging educator-led learning experiences.

Offer flexible programming aligned with district goals.

3,000+

Certified educators

15.5+ yrs

Average classroom experience

7,000

Educator certifications

50 states

Where our educators live

How to get started

1

Tell us about your district

Students, schedule, staffing and goals.

2

Get a plan built around your needs

The right service and format.

3

Meet your educators

Matched to your students and state.

4

Start and track progress

Your team sees progress as it happens.

Talk with Fullmind

Live enrichment courses taught by certified educators. If your students need a course, ask us. Flexible contracts that grow or shrink with your needs.
