WHAT A HOMEWORK HELP PROGRAM IS

Students get access to a teacher for help with their actual assignments, one-on-one or in small groups, before, during or after the school day.

The challenge, and how Fullmind solves it

The challenge	With Fullmind
! Students get stuck when no teacher is around.	✓ Live help from certified educators across subjects.
! Not every student has someone at home who can help.	✓ Support on the assignments students are actually working on.
! Help is only available during class.	✓ Flexible timing: before, during or after school.
! No idea which students are getting help.	✓ Information the school can use to see who's being helped.

Why it matters Extend instructional support, reduce learning barriers, and help students stay engaged with their coursework.

4 questions to ask any provider

- 1 Are your educators certified?
- 2 Which subjects and grades can you cover?
- 3 When are sessions available?
- 4 How will we know which students use it?

What a good program looks like

- Certified educators across subjects
- Help on students' own assignments
- Flexible timing
- Visibility into who's being helped

How to fund it

Often Title I, Part A and, for after-school programs, 21st Century Community Learning Centers grants where available. Check allowable uses with your federal programs coordinator.
