The challenge, and how Fullmind solves it

The challenge	With Fullmind
❗ Generic practice that doesn't target where students are stuck.	✓ Live, small-group instruction from a certified teacher who adjusts.
❗ Prep that doesn't match your state tests.	✓ Aligned to your state's assessments and your curriculum.
❗ No clear picture of what to practice.	✓ Diagnostic data to target practice.
❗ No room in the school day.	✓ Scheduling before, during or after school.

Why it matters Purposeful preparation helps students strengthen understanding while showing educators where additional practice may be needed.

4 questions to ask any provider

- 1 Which tests do you support?
- 2 How do you align prep to our curriculum and state standards?
- 3 Are your instructors certified teachers?
- 4 What data will we receive?
